

A Furnace of Quality

We make and fit the Round Oak Furnace just as carefully and good as we do the famous Round Oak Stove. Economy of fuel—durability—tremendous heating power—perfect control of the fire—perfect workmanship and any kind of fuel, are the qualities that distinguish the

Round Oak Furnace

But—no matter how good—how carefully we make the furnace, it amounts to little if the furnace is not correctly installed. Our methods comprehend advanced ideas in warm air furnace heating. We make furnace plans for our customers free of expense. If you are interested in a good furnace and good up-to-date methods that make the furnace work right, get our furnace book "Warmth and Comfort" and consult the Round Oak Furnace agent.

Dowagiac, Mich.

Round Oak Furnaces are for sale in
Wichita, Kan., by STEEL BROS.

SCHOOL CHILDREN'S EYES

School will soon be on and children should be looked after. Great precaution should be taken by parents to have the eye examined for proper glasses. If anyone can find a greater expert in the United States on the eye than Prof. Samuel of Wichita he would like to hear from them. He will challenge them for such a good sum that it might be worth their while to take him up. Read what people say of him in the following lines:

PROF. F. H. SNOW, Chancellor of Kansas University, says that Prof. Samuel is recognized as being the greatest benefactor in this line in the entire country.

PROF. EVANS, Master of the High School of Leavenworth, speaks very highly of him as an expert in his profession. JUDGE BARKER of Lawrence, Kan., present speaker of the house of representatives, says that Prof. Samuel has no equal in this whole entire country.

MR. THOMAS MANNING, the well known detective of Kansas City, recommends Prof. Samuel very highly. When he was a boy he had great trouble with his eyes, and was cured by him eighteen years ago and has not been troubled since.

EX-GOVERNOR ANDY FELT says that he was at one time a great skeptic and could not understand how glasses would cure different ailments, as he himself had the misfortune of getting glasses from those whom he supposed were opticians, but after he was fitted by Prof. Samuel his eyes were greatly benefited, and he advises all of his friends to call upon Prof. Samuel and be benefited as he has been.

EX-GOVERNOR LYMAN E. HUMPHREY says: I can recommend Prof. Samuel as the most able man in his line in the state of Kansas, or anywhere else. MR. J. R. MULVANE, president of the Bank of Topeka, says: Prof. Samuel cured both my son and daughter of eye-irritating pain in the head and eyes. Others have tried to cure them with no beneficial results.

MR. P. J. BONERRAKE, president of the Central National Bank of Topeka, says: Prof. Samuel, in his line, performs wonders.

MAYOR ISSUES PROCLAMATION

Requesting That All Business Cease at Ten o'Clock.

NEXT MONDAY MORNING

All Are to Turn Their Attention to Observing Labor Day.

Mayor McLean yesterday issued his annual Labor Day proclamation. It is as follows:
PROCLAMATION.
Whereas, the coming Monday being the first Monday in September, is by statute a legal holiday.
Therefore, I, E. F. McLean, mayor of the City of Wichita, do hereby request that all the offices and places of business in Wichita be closed and all work cease at 10 o'clock a. m., of said date in order that the citizens may participate in a fitting observance of the day and join with that great element in our young metropolis—organized labor—in celebrating the event in a manner that will show our public recognition of the value and influence of labor in this community.

B. F. McLEAN.
Governor Bailey issued his proclamation a little more than a week ago, and the committee of the Central Labor Union of this city asked Mayor McLean to issue his proclamation giving the time which the business houses had agreed to close for the day. The committee which has charge of the Labor Day exercises passed a resolution Thursday evening asking all business houses to close at 10 o'clock that morning. A number of the houses will close all day. The banks will not open at all. The postoffice will be open an hour during the morning. The request to close at 10 o'clock was on account of the grocery men who asked to be allowed to keep open until that hour as Sunday and Labor Day coming together would work a hardship on some of their customers.

Labor Day will be fittingly observed here. None of the government, city or county offices will be open and business will be generally suspended.

WILL TAKE A REST.

Geo. K. Spencer Disposes of Insurance and Real Estate Business.

George K. Spencer yesterday sold his insurance and real estate interests at 301 East Douglas to George McTaggart, Mr. McTaggart's son, Raymond, now with the National Bank of Commerce will be with him and the firm name will be McTaggart & Son.

Mr. McTaggart was for many years in the Kansas News Stand during which time he formed an extensive acquaintance and made many friends.

George K. Spencer had been for nineteen years in the insurance and real estate business. He will now give his whole time as manager of Mexican Manufacturing company at 215 South Main street. He says his business got too large and had to sell out a part of it.

The Teaspoonful of Foreign Matter. In every glass of hard water has to be expelled from the system by the kidneys or allowed to accumulate in the system, causing ossification, old age and death. If the kidneys are very active they will expel it for a time, but they finally break down under the excessive burden and the result is Bright's disease. Why take chances with your kidneys? Is so cheap, so delightful, so effective. Ask for The Holland Yeast Co. Either phone.

DIED OF APPENDICITIS.

Mrs. Lillian Mercer Will Be Buried Today.

Mrs. Lillian W. Mercer, wife of D. R. Mercer, who lives twelve miles northeast of Wichita, died at her home Thursday evening of appendicitis, after a short illness. The deceased was born in Indiana and was 40 years of age. She has lived in Sedgewick county over twelve years, during which time she has made many friends. The bereaved family consists of the father and seven young children, six boys and one little girl. The funeral will be held from the residence at 10 o'clock this morning and the body will be brought to Maple Grove cemetery for interment.

RESTRAINING ORDER GRANTED.

City Enjoined From Condemning Property

In the absence of Judge Dale yesterday Judge Wilson of the probate court granted a restraining order against the city of Wichita upon the petition of J. H. McKnight. The order states that until after September 15 the city of Wichita and the officers of said city are enjoined from condemning, appropriating or in any manner taking possession of any of the property of the plaintiff for the purpose of widening Grove street from Douglas avenue to Prince street. The city is also enjoined from passing any ordinance or taking any further steps in the matter until after September 15.

SISTER OF MISS ANTHONY.

Died of Typhoid Fever at Garden City Yesterday.

Mrs. James Patrick, sister of Miss Mabel Anthony of this city, died at her home at Garden City at about 2 o'clock yesterday morning, after a seven weeks illness of typhoid fever. Wednesday Mrs. Patrick was a little better, and Miss Anthony returned to her work in the Winno & Winno office in this city after being gone a month on her summer vacation. Late Thursday afternoon she received a communication that her sister was very much worse and left at once for Garden City. She arrived at her sister's side about an hour before she passed away.

TO CURE ANY DISEASE

The Cause Must Be Removed; Same Way With Dandruff.

Kill the germ that causes dandruff, falling hair and baldness, you will have no more dandruff, and your hair must grow luxuriantly. Nestor's Herpicide not only contains the dandruff germ destroyer, but it is also a most delightful hair dressing for regular toilet use. No other hair preparation is on this scientific basis of destroying the dandruff germ. It stops all irritation, keeps the scalp sweet, pure and wholesome. Remember that something claimed to be "just as good" will not do the work of genuine Herpicide. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Moore Drug Co., special agents.

EDITH W BROKE WORLD'S RECORD

For Pacing Mares on a Half Mile Track.

HER TIME WAS 2:07

Wichita Man Pulled Down the Money at Anderson, Ind.

Wichita horses are in evidence this year in the races. The Associated Press dispatches last night announced that Edith W. had broken the world's record for mares on a half mile track at Anderson, Ind., making the remarkable time of 2:07 flat.

Edith W. was owned and developed by John W. Weideman of this city. Some of the best horsemen in Wichita always claimed that Edith W. was the greatest race mare in the world and she seems to be vindicating their judgment. Weideman thought the world of the mare and when he finally sold her two years ago for a good price it nearly broke his heart to part with the great mare.

Edith's time by quarters was given in the dispatches at 31-1-4, 1:30, 1:36 and 2:07. That was good time on a half mile track and it entitles the Wichita favorite to the first place among pacing mares in the world. The Eagle force did not notify Weideman last night of this last victory of Edith W. for fear that it would disturb his night's rest.

John W. Weideman takes just as much interest in Edith W. since he sold her as he did when she was his property. The horsemen here used to say that Weideman took more interest in having Edith W. win the race than he did in winning the money. No man who ever monkeyed with the goals could put up money enough to get Weideman to take the mare in a race.

The horsemen here claim that the first time that Weideman took Edith W. on the grand circuit he would have won the jackpot if it had not been for an accident. There was big money offered in premiums and the great Wichita mare was a sure winner that year on the grand circuit but she stepped in a depression on the Cleveland track and injured one of her hestern joints and had to be hauled to the barn on a sled.

Weideman shipped the mare home fearing that she would never be able to make another race but now he says it was Geo. Litzberg's famous liniment that restored her to health. She has made better races since her accident than ever before. Edith W. did not make her world's record yesterday behind an automobile or a team of running horses to break the wind but she made it in a free for all race.

RETURNS FROM NEWKIRK.

C. M. Irwin Says Races Are Exciting This Year.

C. M. Irwin returned yesterday from the Newkirk fair, where he succeeded in lining up several more speedy horses for the Wichita fair. He says the races on the Oklahoma circuit this year are far above the average. Several of the horses are lowering their records, but the thing that lends the most interest to the races this year is that there are an extra large number of entries in each event, making them more exciting. The number of horses in each class is so large that they are well bunched at the finish.

QUIT EATING CALIFORNIA FRUIT.

Jobbers Have Stopped Shipments Because of No Demand.

Very little California fruit is to be found in the market today. It seems that the people have become tired of the California product and are buying home grown fruits if it is possible to secure them. No large shipments have been received this week and none ordered for future delivery except oranges, lemons, and other fruits that cannot be grown here. The dealers say that people like the California fruit for a time but finally get tired of it.

Home grown peaches are worth 5 cents per basket for the best quality. There are no pears or plums in this section and only a limited supply of grapes of rather poor quality. There are plenty of apples selling at from 35 to 60 cents a bushel. Grapes, Golden and the Jonathan varieties are beginning to come in and bring fancy prices. These are the best eating apples grown in this section.

Home grown watermelons sell from 10 to 30 cents apiece and cantaloupes and muskmelons from a nickel to 10 cents each. Tomatoes are cheap, of good quality and size. The shippers are not bidding for either tomatoes or egg plant, so that the growers except only the home market to sell. All sections of the country have vegetables now and there is no demand for the foreign product, so shippers say unless they put the goods in refrigeration and ship them to the extreme north.

GROCERS' COMMITTEE MEETS.

Have Commenced Work on Picnic to Be Held September 23.

The committee appointed to plan an entertainment for the grocers' picnic to be held September 23, met at W. R. Nealeigh's store, 123 South Main street, yesterday afternoon and outlined their work. They have planned for a day full of entertainment. The list of attractions has not been fully made up, but efforts will be commenced at once to secure plenty of music and a good list of speakers. The best band and string music in the city will be had. The grocers expect to make their picnic so attractive and full of funmaking that everybody in the city will want to attend.

The committee in its work yesterday made complete provisions to furnish necessities for all who come.

The baseball game is being talked of between the clerks and the employers, the clerks having signified their intention to banter their employers for a game. A number of races will be arranged for, one of which will be a delivery boys' race. The delivery horses, which are forced to make such breakneck speed in response to a dozen hurry-up calls, will be pitted against each other.

The committee decided to arrange for the use of all the boats at the park and to erect a structure to shoot the chutes. Prizes will be offered to the small boys for winning places in several kinds of harmless games.

Mrs. Bush's Kindergarten, seventh year, will open Monday morning, September 14, at 616 North Lawrence.

The "Smoke of Peace."

Cremo

The Cream of the Islands

The one cigar you can depend upon being the same in quality whether you smoke one or a thousand. Always 5 cents, and so good the dealer can't afford to cut the price.

The Largest Selling Brand of Cigars in the World.

Nut Loaf Cake, 27c

This is the richest cake made as it is filled and iced with English walnuts. The regular price is 35 cents.

WOLF'S BAKERY

115 South Main St.

FLAG IS FINISHED.

Finney County Will Soon Receive Her Reward.

The silk flag offered by W. C. Edwards to the county in the Seventh district giving the largest majority to Victor Mordock in his race for congress has been finished and arrived in the city yesterday. The flag was won by Finney county and is something that the people of that county may be proud of for more than one reason. It is made of silk and is five by seven feet with a deep fringe, making a very pretty effect. Upon such of the outer corners is a streamer, one of which has the words "Victor Mordock" upon it, and the other words "Finney County." Upon the top of the staff is a large spread eagle, an idea of Mr. Edwards. The staff is gold bound and made of the very best of material. The flag complete cost \$100.

HE LIKES KANSAS.

Frank Murphy of Norwalk called upon friends in the city yesterday, while on his return trip from the land of the big red apples in Arkansas. Mr. Murphy likes that part of the state, but thinks Kansas is the proper place to live. He has lived in this state for years and was for a time a member of the legislature from Stevens county.

Prof. W. H. Leib, the noted trainer of singers, may be found in his studio in Lewis Academy during business hours by those who wish to have their voices tested or who may wish to take private vocal lessons.
